UST-14, SUMMARY OF DEPOSITS & DISBURSEMENTS

INSTRUCTIONS: BEFORE COMPLETING THIS PAGE, prepare a UST-14 CONTINUATION SHEET (see next page) for each bank account or other source of the debtor's funds. The deposit and disbursement total from each CONTINUATION SHEET will be used to complete this SUMMARY. The debtor is responsible for providing an accurate monthly disbursement total for the purpose of calculating its obligation pursuant to 28 U.S.C. § 1930 (a)(6) to pay statutory fees to the United States Trustee. The disbursement total encompasses all payments made by the bankruptcy estate during the reporting month, whether made directly by the debtor or by another party for the debtor. It includes checks written and cash payments for inventory and equipment purchases, payroll and related taxes and expenses, other operating costs, and debt reduction. It also includes payments made pursuant to joint check arrangements and those resulting from a sale or liquidation of the debtor's assets. The only transactions normally excluded from the disbursement total are transfers within the same reporting month between multiple debtor accounts. A fee payment is due within 30 days after the end of each calendar quarter, or on April 30, July 31, October 31, and January 31, respectively. Since the amount billed is an estimate, the debtor is responsible for paying the correct statutory fee based on its actual disbursements for the calendar quarter, or portion thereof the debtor was in Chapter 11. Failure to pay statutory fees to the United States Trustee is cause for conversion or dismissal of the case. A copy of the statutory fee schedule may be found attached to this report. If you have questions computing the disbursement total, contact the Bankruptcy Analyst assigned to your case at (206) 553-2000. **Summary of Deposits This Month** Deposits from UST-14 Continuation Sheet(s) \$0 Cash receipts not included above (if any) (Financing loaned funds) \$0 TOTAL RECEIPTS \$0 **Summary of Disbursements This Month** Disbursements from UST-14 Continuation Sheet(s) \$13,699.56 Disbursements resulting from asset sales out of the ordinary course (see Page 13, Question 1) Disbursements made by other parties for the debtor (if any, explain) Note: Enter the amount for TOTAL DISBURSEMENTS here and on Page 2. TOTAL DISBURSEMENTS IS \$13.699.56 NET CASH FLOW (TOTAL RECEIPTS MINUS TOTAL DISBURSEMENTS) & (\$13,699.56) At the end of this reporting month, did the debtor have any delinquent statutory fees owing to the United States Trustee? Yes 🖵 No 🖵 If "Yes", list each quarter that is delinquent and the amount due.

Significant Events and Case Progress November 2018:

The company experienced an operating loss in November of \$20,066 compared with an operating profit of \$8,392 in October.

The Court authorized the Trustee to sell remaining property of the estate per order of July 10, 2018. NWTM sent miscellaneous collector numismatic pieces from inventory to a dealer for sale on consignment. Anticipated to receive sale proceeds by end of year.

The Company is working on backing up all data and moving it from the servers housed at Greenhouse to a different location in order to reduce the cost of maintenance of the data.

The company has terminated all remaining employees as of 9/30/2018. The Trustee will obtain services necessary to the administration of the estate on a consulting basis from certain former employees as necessary.

Trustee will continue to liquidate the estate's assets in Chapter 11 and distribute the liquidation proceeds subject to a court order. The proceeds will pay administrative claims. The Trustee does not anticipate distributions to the General Unsecured Creditors.

Explanation of Finance Charge: Your Finance Charge attributable to interest (hereinafter referred to as interest) is computed using the Average Daily Balance method.

Average Daily Balance method (Balance Subject to Interest Rate): Your interest is computed on all purchases and cash advances (collectively "advances") from the date each advance is posted until we receive payment in full (there is no grace period). We figure the interest on your line of credit by multiplying the daily periodic rate by the "Average Daily Balance" of your line of credit (including current transactions) and multiplying by the number of days in the billing cycle. To get the Average Daily Balance we take the beginning balance of your line of credit each day, add any new advances or debits, and subtract any payments and credits, any non-financed fees and unpaid interest. This gives us the daily balance. Then we add up all of your daily balances in the billing cycle and divide this total by the number of days in the billing cycle to get your Average Daily Balance.
